Our People

GREAT BRITISH DESIGN

For over forty years, we at Roper Rhodes have strived for bathroom perfection. Our dedicated team has grown from just one man to a group of people obsessed with all the little details that go into making your dream bathroom.

At every step of the way the customer is at the forefront of our minds. Starting with our product designers, who are always in search of how they can improve the bathroom experience. Push-button showers and contactless flushing are just some of the innovations to come from our brilliant team of designers.

Once a product has been made, it finds itself within our impressive 200,000 Sq ft Distribution Centre on the outskirts of Bristol. Here we run a twenty-four-hour operation to guarantee you the best delivery and service we can.

We believe that beautiful bathrooms come from our people, whose inspiration and dedication have made Roper Rhodes what it is today.

MOTION SENSOR
VIDEO

MOTION SENSOR TECHNOLOGY

Add convenience and efficiency with motion activated lighting — it turns on as you walk into your bathroom and off when you leave, saving energy.

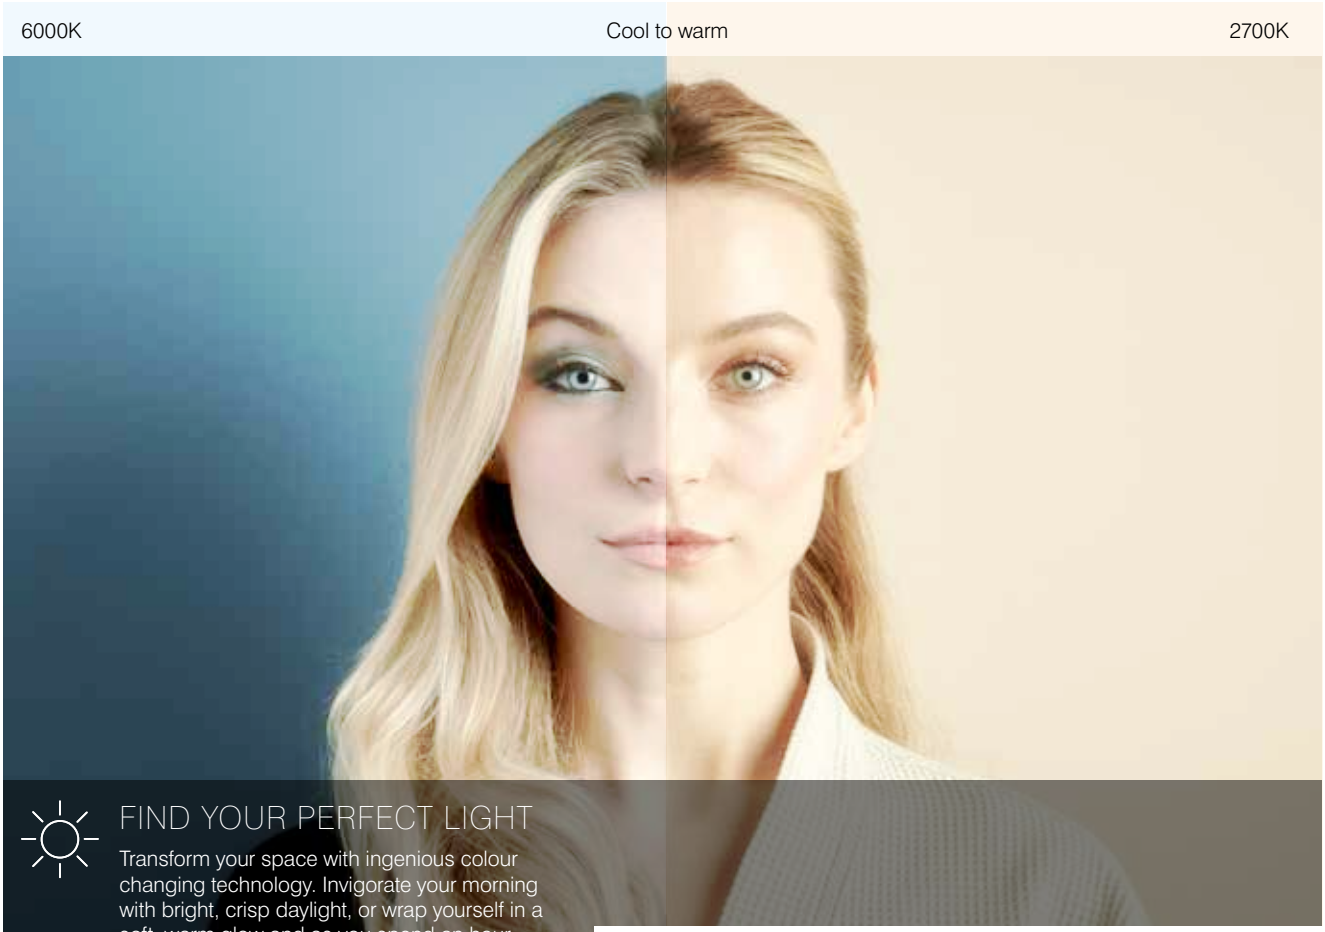
Connected by WiZ

CONNECTED BY WiZ

Our WiZ integrated mirrors are completely customisable - allowing you to set, schedule and adjust your lighting scheme with ease. Combine with our extensive lighting solutions to create a complete smart lighting scheme.

GHOST GLASS TECHNOLOGY

Experience refined innovation with our ghost glass bathroom mirrors. When off, they appear as sleek, seamless surfaces with no visible light border. With a simple touch, the edges softly illuminate, creating a striking halo effect.



FIND YOUR PERFECT LIGHT

Transform your space with ingenious colour changing technology. Invigorate your morning with bright, crisp daylight, or wrap yourself in a soft, warm glow and as you spend an hour relaxing in the bath. With a wide spectrum LED ranging from 2700-6000K, you can easily shift your mirror lighting from cool and white to warm.

DEPTH OF CHOICE

Our mirror collection ranges from elegant pill shapes to eye catching arch designs, our mirrors include many features including industry leading ghost glass technology and are available in a variety of finishes - from classic black to luxurious brushed bronze.

FRAME STYLE OPTIONS

We offer a wide range of mirror frame options designed to complement any style. Our finishes span from timeless brushed brass to warm, sophisticated brushed bronze. Each finish is crafted to enhance the character of the frame while coordinating seamlessly with surrounding décor, allowing you to personalize your space with a mirror that feels both beautifully detailed and uniquely yours.

Peace of mind

DESIGNED AND TESTED FOR BATHROOMS

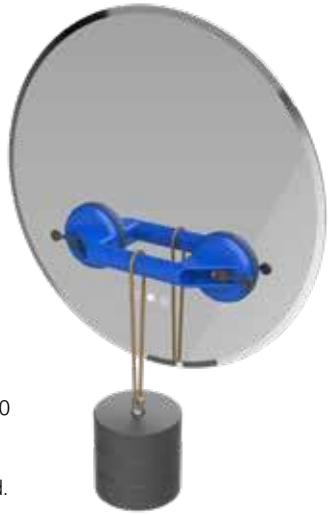
When it comes to choosing a mirror in the bathroom it can be tempting to opt for one you could hang in any other room in the house. Our approach is different as we design, test and create products to go beyond reflection. The majority of our mirrors come with added functionality and are made to withstand the unique rigours of the bathroom environment.

CONTROL RELIABILITY

Switches are tested through **100,000 cycles** to ensure durability and reliability throughout the products lifetime.

MADE FOR REAL LIFE

Every mirror we make is subjected to an impact test that simulates accidental bumps and slips. By applying concentrated force to key points on the glass, we ensure it stays securely in its frame—even under stress, giving you the confidence it will remain durable in your bathroom.



ENGINEERED FOR THE BATHROOM

Static shear test Each of our mirrors is subjected to a bond-strength test in which a 30 kg load is applied for 10 days. The strict pass requirement is 0mm of slippage guaranteeing your mirror will remain looking as it should.

CHARGING SOLUTIONS

Mirrors with built-in shaver sockets offer a stylish, space saving way to charge your shavers and toothbrushes - keeping your bathroom sleek and clutter-free.

ZONE
1

Roper Rhodes recommends that products installed in Zone 1 are a minimum of IP65

ZONE
2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof)

OUTSIDE ZONES

Electrical fittings in this zone require a minimum rating of IP20

WHAT IS IP44?

IP44 is a rating that tells you how well a product is protected against dust and water. “IP” stands for Ingress Protection, and the two numbers that follow it each have a specific meaning:

The first number (4) means the product is protected against solid objects larger than 1mm, like small tools or wires. It’s not fully dust-proof, but it does block most solid particles.

The second number (4) means it’s protected against water splashes from any direction.

All Roper Rhodes illuminated mirrors and cabinets carry an IP44 rating, making them suitable for Bathroom Zone 2 and areas outside the zones. This gives you excellent flexibility when planning your bathroom layout.

STYLE MEETS EFFICIENCY

LEDs are a sustainable, energy-efficient, long-lasting lighting option. They stay cool for added safety and offer dimming and diverse styles to suit any space or mood.

BEYOND REFLECTIONS

Merging the latest in technological advances with our signature style, our range of mirrors and cabinets offer intelligent storage and features.

Whether you’re adding a focal point for your bathroom, need to hide away cosmetics and toiletries or just want to add a mirror for purely practical reasons, our range has all the options you’ll need.

Be inspired …

GET THE SPA LOOK *with Zoe Jones*

@roperrhodes

BE INSPIRED

Our in-house designer, Zoe, shares her top tips for creating a spa-inspired bathroom.

As the spa-inspired trend continues to evolve in bathroom design, we lean toward a more grounded and soothing atmosphere. Expect warm neutrals, tactile materials, layered textures, and ambient lighting that enhances the sensory feel of the bathroom. Rich veined marble, soft brushed metallics, textured plaster and the natural warmth of wood are key materials that promote wellbeing and help to shape a considered and refined space.

A well-chosen mirror is key to creating a spa-like feel—it opens the space, reflects natural light, and adds to the calm environment. Whether you choose soft curves and organic silhouettes to gently soften the room, or the sleek elegance of frameless and backlit designs for an ambient glow, the mirror is a key element in creating a space that feels both functional and deeply relaxing.

'Focus on sustainable, artisanal and tactical surfaces with warm, ambient lighting that creates a spa-like mood by using task lighting and subtle accent illumination.'

@sculptureyourhome

@lifeateightysix

@__itslucy__

LED LIGHTING

Energy efficient LEDs provide high quality and bright illumination whilst being 80% more efficient than older incandescent lights

VARIABLE WARM TO COOL & DIMMABLE LEDs

Flexibility to adjust the LED warmth and brightness from an invigorating daylight white (6000K) to a relaxing warm white (2700K)

INFRARED SENSOR

Easy to use, an infrared sensor allows you to control the mirror with just the wave of your hand without touching the mirror

STEAM-FREE

Maintain a steam-free mirror reflection in the bathroom with an integrated heated demister pad

TOUCH CONTROLS

Touch controls offer easy on/off and feature access right from the mirror

TWO-PIN CHARGING SOCKET

Conveniently positioned, this charging socket keeps your electric toothbrush or shaver fully charged

USB SOCKET

Easily accessed USB & USB-C sockets to keep your devices fully charged

IP44 RATED

Mirrors indicated with this symbol are IP44 rated, making them suitable for use within zone 2 of the bathroom

MAGNIFYING MIRROR

Take a closer look at your reflection with our magnifying mirrors

GHOST GLASS

When off, the mirror is sleek and seamless; with a touch, its edges softly illuminate with a halo effect

MOTION SENSOR

Enhances convenience and efficiency with motion-activated lighting - automatically turns on as you approach and off when no motion is detected

2 YEAR GUARANTEE on all electrical components

STRAPS

NO FIXINGS

WALL BRACKETS

Wall brackets can be positioned landscape or portrait

STEP 1 Pick your shape

Use the base code

Walcot Mirrors	Base code	W x H x Dmm
Arch 400x800	WAM40A	400 x 800 x 42
Pill 400x800	WAM40P	400 x 800 x 42
Pill 500x800	WAM50P	500 x 800 x 42
Circular 600	WAM60C	ø600 x 42
Circular 800	WAM80C	ø800 x 42
Circular 1000	WAM10C	ø1000 x 42

STEP 2 Pick your frame finish

Add the suffix below to your base code

Black	Brass	Nickel	Bronze	RRP
-BL	-BR	-BN	-BZ	**£355.00**
-BL	-BR	-BN	-BZ	**£365.00**
-BL	-BR	-BN	-BZ	**£375.00**
-BL	-BR	-BN	-BZ	**£350.00**
-BL	-BR	-BN	-BZ	**£430.00**
-BL	-BR	-BN	-BZ	**£550.00**

STEP 3 Pick you accessory (optional)

Add the suffix below to your finish code

Wall Brackets -F1 **£45.00**

Brown Strap* -F2 **£45.00**

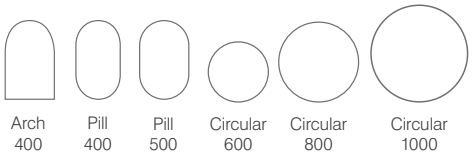
Black Strap* -F3 **£45.00**

*Straps are not compatible with 1000 circular variants

TOP TIP

When ordering Walcot mirrors please remember to follow **steps 1-3.**

Shown here is an example code for **WAM40P-BL-F1.** This would generate an order for a Pill 400/800 in black with wall brackets.



Arch 400 | Pill 400 | Pill 500 | Circular 600 | Circular 800 | Circular 1000

Bathroom lighting

COMPLETE LIGHTING SOLUTION

With over forty years of experience, we know it's the details that matter. A great lighting design is key to a high-end bathroom that looks great in every light.

Our lights can be used conventionally or can be connected by WiZ allowing all lights to work seamlessly together and be personalised to your routines and preferences. All our lighting is IP44 rated for safe use in the bathroom.

1

WALL LIGHTING

Available in Fluted, Traditional & Globe styling see pages 54-59 for full details

2

PENDANT LIGHTING

Available in Fluted and Globe styling see pages 56-59 for full details

3

DOWN LIGHTING

Ceiling down lighting available see page 60 for full details

HOW IT WORKS

CONNECTED BY WiZ

Although our lights can be used conventionally they can also be used as smart lights when connected by WiZ making them completely customisable allowing you to set, schedule and adjust your lighting scheme within the WiZ app. Seamlessly integrated with your choice of smart speaker, all of our connected by WiZ products can be voice activated, and further simplified with our convenient smart button.

SMART BUTTON CONTROL OPTION

Enjoy quick and easy control of your lights with the WiZ smart button. This battery operated device enables direct control of your lighting scheme, without going through the app. The smart button can be easily affixed to your wall, without screws, in a place convenient to you.

CONTROLLING YOUR LIGHTING

Smart bathroom lighting connected by WiZ
Also available non-smart.

COMMAND FROM YOUR MOBILE

Set up and control your lighting with your mobile device

SMART BUTTON

Turn your lights on/off & control the brightness with your smart button

CABINETS

Explore our

CABINET COLLECTION

Our aim when designing cabinets is to enhance the practicality and storage you need, alongside modern, stylish designs that add a sense of luxury.

With cabinets featuring convenient internal charging sockets, heated de-mister pads, colour changing lighting and many more intuitive features, we're sure you'll find just what you need.

AT THE WAVE OF A HAND

Easily control your cabinet with our intuitive contactless controls. Designed with you in mind, these controls add simplicity and convenience to your everyday tasks, plus they're hygienic too.

CHARGING SOLUTIONS

Discover true convenience with our range of charging enabled mirrors and cabinets. Sleekly designed hidden sockets are perfect for tooth brushes or razors. Plus, wireless charging is available in our Boost cabinet (page 78), perfect for charging your phone when you're busy getting ready.

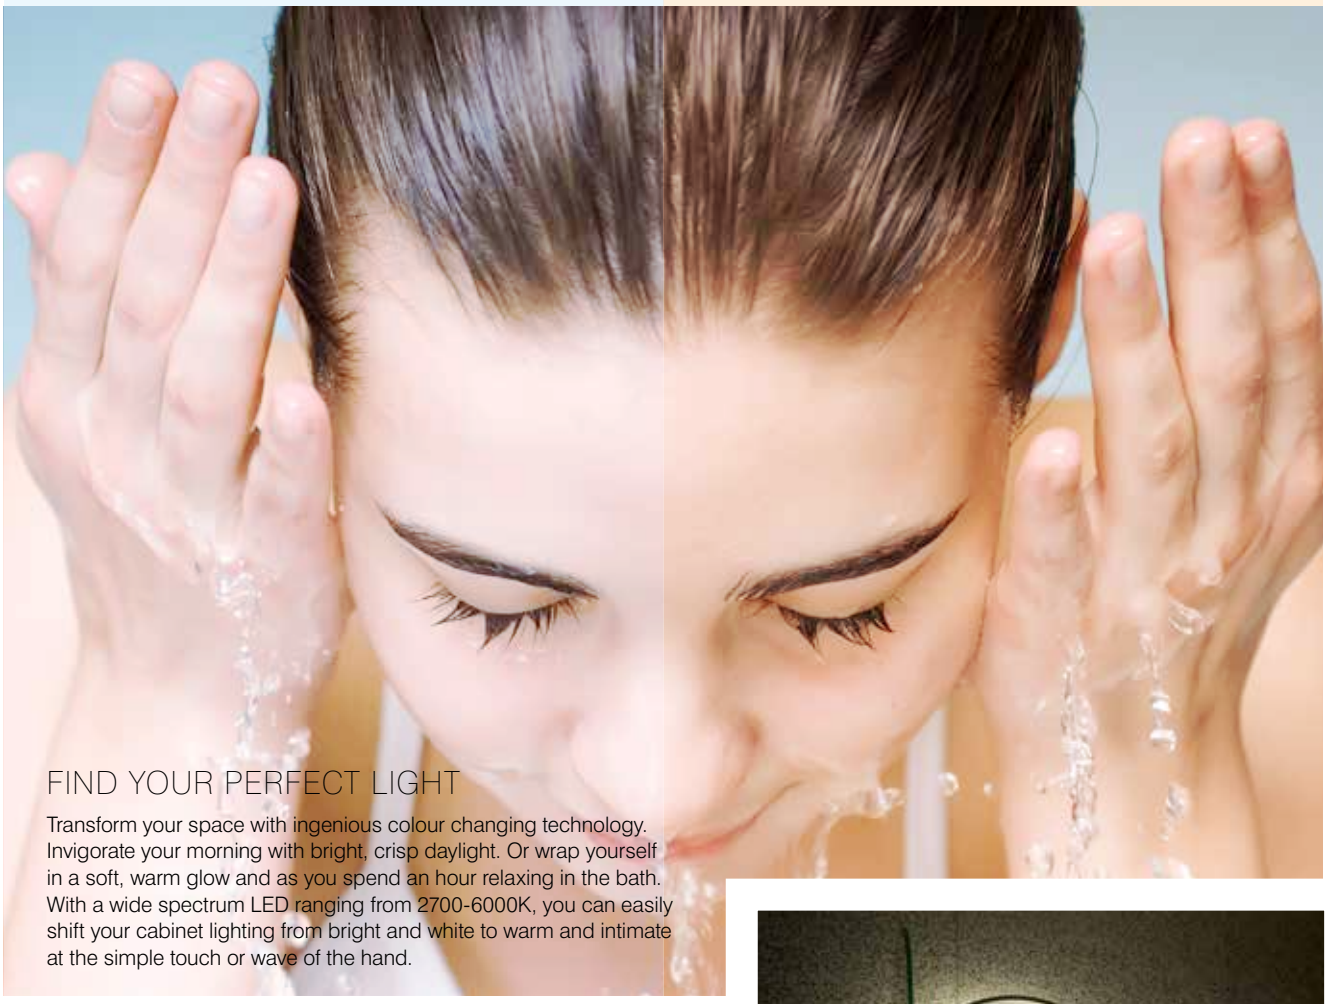
BEAUTY STORAGE, BUILT STRONG

Our shelves are designed to carry all manner of cosmetics, as we static load test them to hold an extra 10kg of weight for 10 days minimum.

DOORS BUILT TO ENDURE

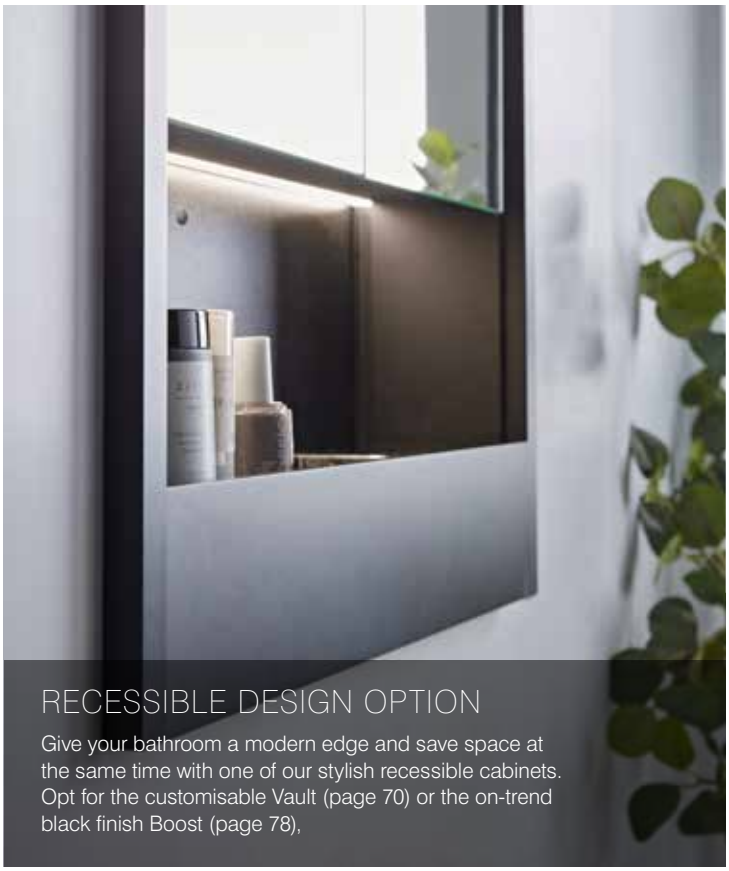
Our cabinet doors undergo a dynamic load test to ensure the hinges stay strong under real-life use through a 30kg weight being applied for 10 days with the cabinet only passing if it remains attached.

6000K Cool to warm 2700K



FIND YOUR PERFECT LIGHT

Transform your space with ingenious colour changing technology. Invigorate your morning with bright, crisp daylight. Or wrap yourself in a soft, warm glow and as you spend an hour relaxing in the bath. With a wide spectrum LED ranging from 2700-6000K, you can easily shift your cabinet lighting from bright and white to warm and intimate at the simple touch or wave of the hand.



RECESSIBLE DESIGN OPTION

Give your bathroom a modern edge and save space at the same time with one of our stylish recessible cabinets. Opt for the customisable Vault (page 70) or the on-trend black finish Boost (page 78),

STORAGE SOLUTIONS

Great cabinets are all about great storage. Our cabinets offer a wide range of sizes to suit your space, and stylish internal shelves which are adjustable to help keep all your bits and bobs organised.

Making the perfect choice

10 YEAR GUARANTEE
GUARANTEE against manufacturing defects

2 YEAR GUARANTEE
GUARANTEE on all electrical components

LED LIGHTING

Energy efficient LEDs provide high quality and bright illumination whilst being 80% more efficient than older incandescent lights

VARIABLE WARM TO COOL LEDs & DIMMABLE

Flexibility to adjust the LED warmth and brightness from an invigorating daylight white (6000K) to a relaxing warm white (2700K)

INFRARED SENSOR

Easy to use, an infrared sensor allows you to control the mirror with just the wave of your hand without touching the cabinet

HEATED DEMISTER

Maintain a steam-free cabinet reflection in the bathroom with an integrated heated demister pad

TWO-PIN CHARGING SOCKET

Conveniently positioned, this charging socket keeps your electric toothbrush or shaver fully charged

USB SOCKET

Easily accessed USB socket keeps your devices fully charged

WIRELESS CHARGING BOOST

Perfect for charging your phone/device when you're busy getting ready

RECESSED OR RECESSIBLE

Recessing the cabinet within the wall is a great way to conceal your bathroom accessories whilst maintaining a clean and clutter free bathroom

SOFT CLOSE DOORS

Most of our cabinets feature soft close doors to ensure quiet and controlled closure

PUSH TO OPEN DOORS

Intuitive push to open mirrored cabinet doors

DOUBLE SIDED MIRROR DOORS

Double sided mirrored glass means the cabinet mirror can be used when open or closed

TOUCH CONTROLS

Touch controls offer easy on/off and feature access right from the mirror

IP44 RATED

Cabinets indicated with this symbol are IP44 rated, making them suitable for use within zone 2 of the bathroom

SAFETY ZONES & ELECTRICAL INFORMATION

Roper Rhodes illuminated mirrors, cabinets & lighting have been independently tested for compliance with electrical equipment safety regulations. Products that are IP44 or IP55 rated and are suitable for use in zone 2 and outside zones in the bathroom. Roper Rhodes recommends that products installed in Zone 1 are a minimum of IP65.

ZONE
1

Roper Rhodes recommends that products installed in Zone 1 are a minimum of IP65

ZONE
2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof)

OUTSIDE
ZONES

Electrical fittings in this zone require a minimum rating of IP20

Keeping in touch

CUSTOMER SERVICE & AFTERCARE

As one of the UK's largest suppliers of bathroom furniture & accessories, we set very high standards in design, manufacture & service. We also invest heavily in product improvement & innovation. By choosing Roper Rhodes, you can be confident that your product is of superior quality.

OUR BROCHURES

Explore the rest of the Roper Rhodes collection with our full bathroom book and dedicated fitted furniture brochure. Ask your local retailer for a copy or visit our website to order or download one.
