

Freedom to create beautiful, compliant spaces for every body.

Design-Led Washrooms. Consistent. Compliant. Complete.

At Fitzroy of London, we help you create bathrooms and washrooms that deliver a seamless balance of design integrity, regulatory compliance, and brand alignment. We understand the demands of high-end hospitality and commercial environments - where every detail matters and consistency defines the experience.

The Trusted Partner for Design Professionals.

With decades of expertise in accessibility, manufacturing, and specification, Fitzroy of London is the partner developers, designers, and architects rely on to bring inclusive concepts to life - without compromising creativity.

Where Form and Function Unite.

Every Fitzroy of London product is designed to perform beautifully. From luxurious finishes to flawless installation, we bring together craftsmanship, compliance, and flexibility in every space.

Why Specify Fitzroy of London?

Our Design Philosophy

Inspired Design, Intelligent Detailing

We believe inclusive design should enhance aesthetics, not limit them. Our products are crafted to integrate effortlessly within refined environments - balancing visual impact with user dignity.

Consistency Through Every Touchpoint

From accessories to sanitaryware, our coordinated collections ensure cohesion across all elements of your design - delivering a unified experience from concept to completion.

Collaboration with Purpose

We work closely with specifiers, interior designers, and architects to interpret vision into reality. Whether you're crafting timeless luxury or contemporary minimalism, we ensure compliance is never a constraint.

Confidence in Every Specification

Compliance is at the heart of what we do. We seamlessly integrate compliance into our product portfolios, supported by detailed technical documentation and expert advice at every stage. In a nutshell, we take the challenge out of compliance.

Flexibility for Projects

From removable fittings to bespoke finishes, we provide the adaptability required by today's luxury developments - whether for new builds, refurbishments, or phased projects.

Design Led Without Compromise

Our products combine meticulous engineering with premium materials and refined finishes - ensuring accessible doesn't mean utilitarian.

Partnership, Not Just Supply

We're more than a supplier. We're a partner in design - offering technical support, compliance insight, and creative collaboration from specification to completion.

Our Ranges

Inspired by the rich cultural history and creative spirit of Fitzrovia, our three ranges continue the area's tradition of bohemianism with classic and contemporary designs.

No matter your design vision, we have a range to support it.

Style delivers contemporary sophistication with full compliance built in. Designed for premium hospitality and commercial interiors, this range unites design-led appeal with dependable performance and extensive warranty coverage.

Modern Design Effortless Compliance

The Signature range defines accessible luxury. Each piece is beautifully engineered and available in a curated palette of PVD and traditional finishes. For projects where design precision and brand experience are paramount, Signature ensures accessibility without aesthetic compromise.

Design-led Craftmanship Inclusivity

For value-conscious projects, the Pro range offers essential, reliable, compliant solutions that are quick to install and built to last - ensuring quality, efficiency, and user safety in every application.

Practicality with Purpose

Removable Solutions

Designed for Flexibility. Built for Elegance.

Our removable range combines the visual harmony of fixed installations with the adaptability required for changing environments. Ideal for hotels, mixed-use developments, and adaptive reuse schemes.

Seamless Design Integration

Our removable products provide long-term accessibility and flexibility, without compromising on design or compliance.

They are ideal for sectors where adaptability and individual needs matters, perfect for turning around hotel guestrooms, commercial spaces, and care environments alike.

Available across our **Signature collections**, each product is crafted to blend seamlessly into your design and to be removed or reconfigured with ease when needed.

Our removable range is engineered for performance, built to last, and supported by technical know-how.

Choose from:

- Grab rails
- Hinged support rails
- Shower seats
- Backrests
- Blanking plates for easy future conversion

Look out for the removable icon on our product pages to see what is available.

The Constable Collection

The defining accessory in your inclusive bathroom space.

Meticulously crafted with the closest attention to detail, the Constable Collection refines contemporary interiors with high-grade stainless steel products. Intricately refined and crafted with hexagonal detailing, Constable products are available in PVD and traditional finishes.

The Kirkman Collection

Inspired by the famous Art Deco design period of the 1930s Kirkman combines Arts Décoratifs styling with exquisite craftsmanship to represent this renowned period.

Crafted from stainless steel, Kirkman offers versatility and a classic and progressive appeal to your accessible bathroom space.

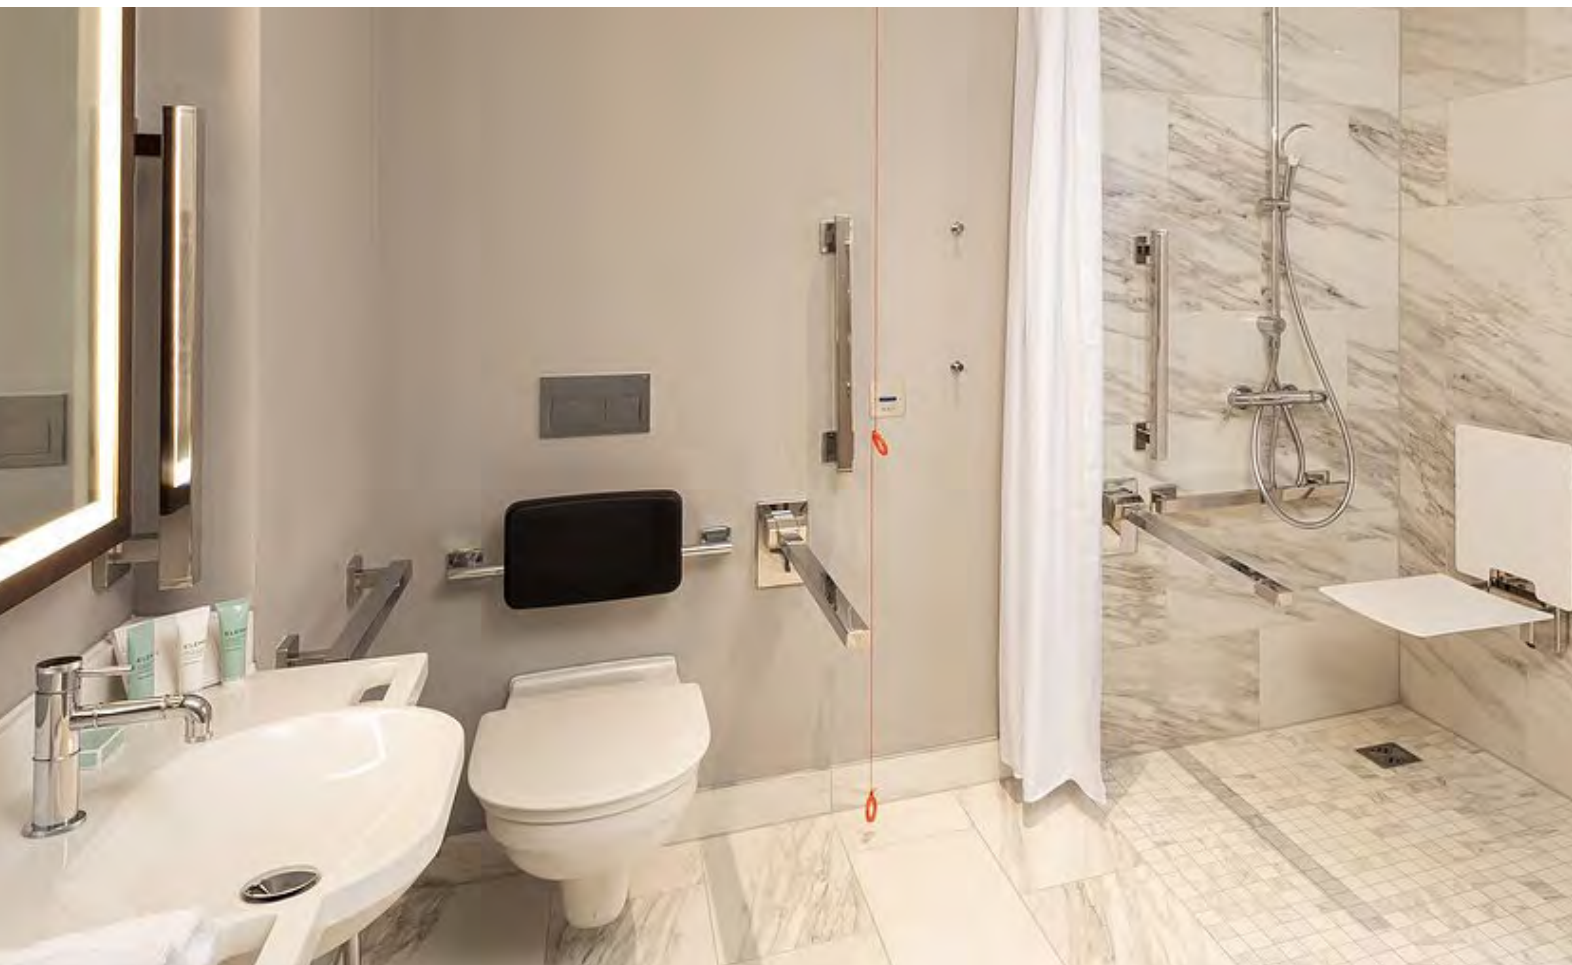

The Mortimer Collection

With sculptured, square compositions, the Mortimer Collection offers a modern feel to your accessible washroom space.

Mortimer's square-ended products provide an assertive presence that exudes simplicity and creates balance in any room.

Available in all PVD and traditional finishes, this range is a canvas for free-flowing creativity.

The Bolsover Collection

Discover a truly authentic period style with the Bolsover Collection.

With its exposed screws and high-grade stainless steel, Bolsover serves a classic aesthetic perfect for any luxury bathroom product.

Customise with PVD and traditional finishes to create a product that complements your design vision.

Our Style Range

Tap into contemporary design with our Style range

The Style collection is the first choice for buildings where the priorities are design-led elegance, exceptionally reliable quality and full compliance. Create spaces with the atmosphere of modern commercial washrooms without compromising inclusivity.

Go beyond aesthetics

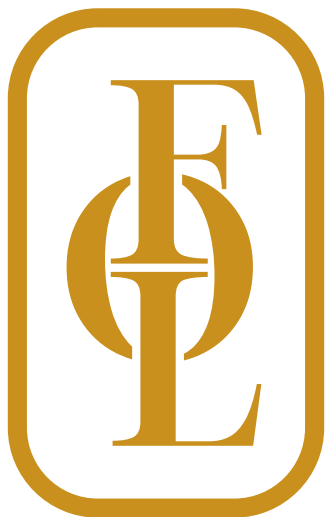

Functionality and compliance come as standard with our fully stocked Style range. These high-quality products have extensive warranty coverage and are speedily delivered to keep projects on track.

Deliver elegant and stylish spaces

Nobody knows our collections better than us. That's why we'll work closely with you to ensure you find the perfect products and accessories to complement your washroom space.

To discover our full range and discuss any specific project needs, contact one of our knowledgeable and friendly team or visit our website at www.fitzroyoflondon.com
