

Fitted Furniture

Pentland collection

The Pentland collection embodies a timeless, classic style. Featuring elegantly painted and lacquered finishes, each piece exudes sophistication, complemented by Natural Oak finish carcasses. With its signature shaker-style doors, the collection offers a range of period-inspired vanities, complete with curved cabinets or flat tongue-and-groove end panels.

Cotton White

Maritime Blue

Cotton White

The Pentland collection includes ornamental elements that can enhance the traditional feel of the furniture. In this design, pilasters are used on either side of the basin unit to create a classical aesthetic. The room also features an elegant Elan 500 semi-recessed basin, Grey Terrazzo Calypstone Aura 18mm worktop, Imola tap, Floresta bar handles, Andrina mirror, and a Georgia back-to-wall pan with Cotton White Wentworth seat.

Maritime Blue

Craft your own masterpiece with the flexibility of Fitted Furniture. This setup combines basin units and Pentland's curved end units with the timeless Georgia semi-recessed basin, Cirrus White Calypstone Aura 18mm worktop, Venicia taps, Renaico handles, Camino mirrors, and a Georgia back-to-wall pan with a Maritime Blue Wentworth seat, creating a harmonious blend of tradition and sophistication.

Portland Stone

Portland Stone

The Pentland curved vanity exudes sophistication and style. Complemented in this design by a Mirrored wall cabinet with elegant framing and LED lighting, it features a Desert Sand Solid Surface worktop with an undermount basin, Venicia 3-hole tap, and Floresta bar handles.

Chateau Green

NEW *Chateau Green*

Side-by-side vanity units provide a moment of calm in a bustling morning routine. Here, two 600 Two Drawer floorstanding vanity units are complemented by the elegant Cirrus White Calypstone Aura worktop with an undermount basin, Venicia 3-hole Brushed Brass tap, Floresta bar handles, Velas 700 mirrors, and a Georgia back-to-wall pan with Chateau Green Wentworth seat.

Shale

Shale

Discover the perfect blend of timeless luxury and practicality with this Pentland combination, designed to offer superb storage and an ideal space for your morning routine. Seamlessly integrating the Bellanti sit-on basin, the design features tall wall units, a mirrored cabinet, and decorative pelmet and pilasters. Completing the look are the refined details of a Nimbus Grey Calypstone Aura 12mm worktop, a Venecia tap, Campina handles.

Lagoon Mist

Slate

Lagoon Mist

The Calypso washstand is an all-in-one unit featuring the Banari ceramic basin, elegantly styled with Pentland's tongue-and-groove end panels. Complemented here by the Imola tap, Altos handles, it creates a cohesive and sophisticated look.

Slate

The Caluso Solid Surface basin offers incredible versatility, easily cut and shaped to fit Pentland's curved end units. This elegant bathroom design showcases a 600 basin unit gracefully paired with curved end units, complemented by the stylish Imola in Chrome and Altos handles.

Pentland Vanity to Match Fitted Pricing

Please note: Accessories such as handles, taps, and other finishing touches are sold separately and can be found on **page 222**.

Shown in Maritime Blue, the Pentland collection features a pre-assembled 18mm carcass with painted, furniture-grade fascia panels. Designed for long-lasting durability, units include premium adjustable soft-close hinges, smooth drawer runners and wall fixing brackets.

Reasons to Choose a 561mm Unit

Hidden Pipes Access

561mm carcasses paired with 250mm legs and plinth hide large soil pipes effectively. The removable plinth design provides easy maintenance access, keeping unsightly elements out of view.

Wall-Hung Solution

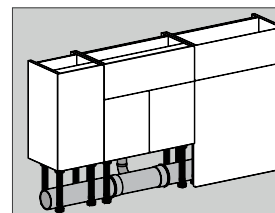

Install 561 carcass basin and base units without a plinth for a streamlined, wall-hung appearance. Perfect for small spaces, this setup maximises storage while keeping the floor clear.

Accessible Furniture

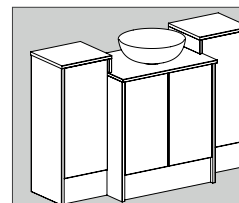

Use 561 carcass units with a 150mm plinth for a lower-height furniture run. Ideal for those needing improved accessibility, this design combines functionality with a stylish finish.

Stepped Basin Design

Use 561mm carcass with 150mm legs to create a stunning fitted furniture runs featuring a stepped-down basin unit. This stylish design enhances your bathroom space's functionality and visual appeal.

Concept for concealing soil and waste pipes within fitted furniture or walls.

Concept for creating deep sit-on basin units integrated with standard-height fitted furniture.

Pentland Fitted Furniture Pricing

Shown in Maritime Blue, the Pentland collection features a pre-assembled 18mm carcass with painted, furniture-grade fascia panels. Designed for long-lasting durability, units include premium adjustable soft-close hinges, smooth drawer runners and wall fixing brackets.

Decorative end panels are used to cover visible furniture ends and can also function as filler or infill panels, trimmed to size as needed. Plinth panels cover the gap between furniture and floor, attaching to cabinet legs with clips. Both types have finished edges on all sides, but any cut edges must be sealed with waterproof sealant to preserve the warranty. When placing a plinth next to a unit with a floor-reaching front panel, allow an extra 50–100mm in plinth length to ensure proper overlap and gap coverage.

Pelmet, Plinth & Cornice Dimensions

Our fitted furniture is crafted with simplicity and functionality in mind, making it easy to assemble and perfect for your bathroom.

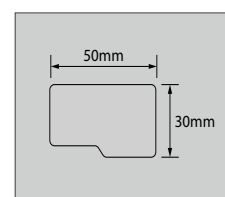

For a polished look, consider incorporating a cornice trim. Ideal for concealing lights under wall units, it can also serve as a modern or traditional cornice, adding a refined finish to the top of Pentland wall units.

Replace ** in the colour code with the finish code shown above.

Decorative end panels are used to cover visible furniture ends and can also function as fitter or infill panels, trimmed to size as needed. Plinth panels cover the gap between furniture and floor, attaching to cabinet legs with clips. Both types have finished edges on all sides, but any cut edges must be sealed with waterproof sealant to preserve the warranty. When placing a plinth next to a unit with a floor-reaching front panel, allow an extra 50-100mm in plinth length to ensure proper overlap and gap coverage.

Fitted Furniture

Solid Oak collection

Natural warmth and detailed craftsmanship. Experience the beauty of a natural material, the warmth, tactile feel, soothing aroma, and the overall sense of well-being derived from interacting with something provided by nature itself. Solid oak, celebrated for its durability is employed in crafting high-quality furniture that stands the test of time.

Bathroom Essentials

Mirrors

Designed to make your bathroom experience more enjoyable, and with a diverse range of styles and sizes, there's a perfect match for every bathroom.

Whether you're preparing for a productive day or unwinding with a relaxing evening bath, our LED mirrors guarantee lighting to suit any mood. Take advantage of superior control with infrared or touch-sensitive buttons. For a crystal-clear reflection, choose a mirror with our innovative and energy-efficient heated demister pad ensuring a fog-free surface even in the most humid bathroom environments.

Rest assured that all our LED mirrors are bathroom-friendly, featuring a splashproof IP44 rating and our 5-year guarantee.

**LED lighting**

Illuminate your bathroom with a long-life LED mirror. Bright and energy-efficient lighting ensures a well-lit bathroom for your daily routine.

**Ambient Lighting Control**

Set the perfect mood with ambient lighting control. Choose cool lighting for a more energizing and invigorating feel or warm lighting when it's time to wind down and relax.

**Two Pin Shaver Socket**

A concealed two-pin shaver socket offers the convenience of a dedicated power source ensuring a sleek and organized grooming experience.

**Touch Control**

Touch control mirrors make operation a breeze with a convenient easy-to-clean surface and modern aesthetics.

**Fog Free Reflection**

Say goodbye to foggy mirrors with our energy-efficient heated demister pad, ensuring a crystal-clear surface even in the steamiest bathroom environments.

**USB Socket**

Charge devices effortlessly and maximize efficiency with 2 USB sockets.

**Adjustable Brightness**

Adjustable brightness offers versatility, precision, and the ability to create optimal lighting conditions, making your grooming experience more enjoyable.

**Infrared Sensor**

Keep things hygienic with an infrared switch for hands-free control.

**Bathroom Safe**

Use your mirror worry-free. Our LED mirrors come with an IP44 rating, protecting against splashing water and ensuring a safe bathroom environment.

Bathroom Essentials

Worktops

Choosing the perfect worktop to complement your bathroom furniture is a crucial step in your design process. To assist with this, we stock worktops in various types, lengths, and depths to suit the diverse sizes of furniture we offer.

Worktops for Fitted Furniture

Our range of worktops is available in three depths to match our Fitted Furniture: Slim depth (230mm), Standard depth (315mm), and Deep (460mm). These worktops come in various lengths, which can be cut to the specific layout of your bathroom furniture. Where relevant, matching edging strips are available for re-edging and sealing any exposed cut ends.

Worktops for Vanity Units

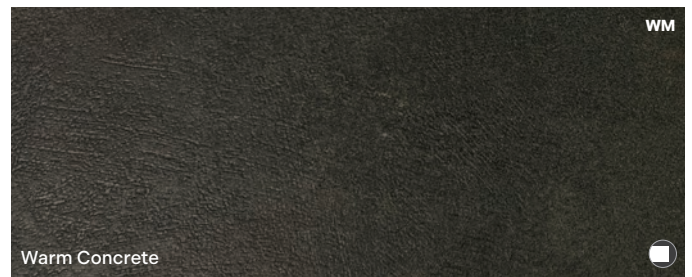

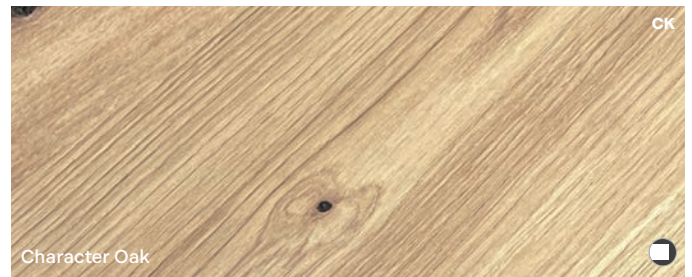

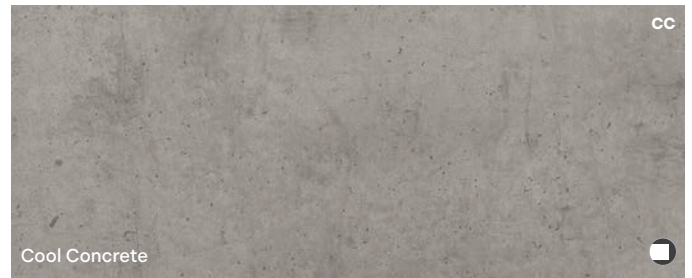

Most of our vanity unit ranges come in standard widths of approximately 600mm, 800mm, and 1200mm. We stock a range of standardised vanity worktops to suit these sizes, providing a small overhang as a safety margin. Worktops for non-standard sized or uniquely shaped vanity units will be listed on the pages where those vanity units are displayed.

Warm Concrete

Square-Edged Laminate Worktops

Square-Edged Laminate Worktops

A solid particle board core, bonded with high-pressure laminate (HPL), creates a durable worktop. These worktops are supplied with a 20mm square front edge and comprehensive sealing on all surfaces and edges. For custom lengths and exposed cut ends, matching edging strips are also available.

Calypstone Aura Worktops 12mm or 18mm

Available in options of 12mm and 18mm thickness, Calypstone Aura Solid Surface Worktop are made from a mixed compound of natural minerals and acrylic resins. This material is the same all the way through, is completely non-porous and the smooth surface is resistant to most domestic chemicals. It can be cut and shaped using standard woodworking tools, and the cut edge sanded and polished to a perfect finish by hand.

Easy Clean: The inherent properties of Calypstone Aura make it very easy to clean and maintain. It is resistant to most household chemicals and disinfectants and is best cleaned simply with warm soapy water and then dried and buffed with a soft microfibre cloth. Full care instructions are supplied with each worktop.

Durable: You can look forward to many years of service from Calypstone Aura worktops. The material does not degenerate naturally nor fade, and if well cared for, will continue to look as good as the day it was installed.

Hygienic: The Calypstone Aura material contains an antibacterial agent that combats bacteria and prevents its growth. This makes it perfectly suited to bathroom surfaces, and means it can also be used in healthcare and food preparation areas.

Bathroom Essentials

Basins

Whether you're looking for a sleek modern basin or a more traditional style, our selection caters to every aesthetic with Ceramic, Cast Marble and Solid Surface options to suit your desired look. Explore our range of sit-in, sit-on, block, inline, semi recessed and one-piece wing basins.

Cast Marble CM

Our Cast Marble basins are crafted from Dolomite Marble, a substance born from volcanic processes. Through milling, purification, and blending with polymer resin, they take shape before a protective layer of resin and quartz gel coating is applied, preserving both pigment and achieving a flawlessly smooth, durable and easy to maintain finish.

Ceramic Basins CE

Ceramic basins are meticulously crafted from molten fireclay, shaped into moulds, and expertly glazed before undergoing the final firing process. Their enduring quality makes them suitable for both contemporary and traditional bathroom settings. Ceramic is easy to maintain, as stains can be effortlessly removed, ensuring a pristine appearance.

Solid surface SS

Solid surface basins are made from a composite material that mimics natural stone, providing a strong, smooth, and practical choice for bathrooms. Their easy-to-maintain and durable nature makes them ideal for daily use. Solid Surface wing basins can be cut and shaped using standard woodworking tools, making them an excellent option for curved units.

Semi Recessed Basins

Semi recessed basins are designed to be partially rebated into the worktop over a basin unit and projecting forwards slightly to offer an ergonomic design. All models include a cutting template, for a perfect fit when scribing the upper fascia panel to the basin.

Sit-On Basins

Sit-on Basins are designed to be used with a worktop, creating a stylish, elevated focal point in your bathroom. When planning your layout, consider the overall basin height and opt for lower height units if needed to maintain a comfortable and practical setup.

Toledo

Gloss. Ceramic. No tap hole. No Overflow. We recommend using our free flowing unslotted waste with this basin, see **page 275**.

How to Order Guide: Overflow Rings

When it comes to basins, getting the details right can make all the difference, especially when you're matching them with brassware and handles. That's where understanding overflow rings becomes essential. These rings not only ensure your basin works properly but also play a role in enhancing its overall look and feel. Use the table below to find the right overflow for your basin and then choose the colour that best matches your bathroom:

Basins with no overflow:

These basins do not have an overflow. Therefore, there's no need for an overflow ring. We recommend using a free-flowing unslotted waste with these basins.

Basins with built-in overflow:

Some basins come with an overflow that is glazed or designed as an integral part of the basin. In such cases, an overflow ring does not apply.

Basins with a standard overflow:

These basins come with a chrome overflow ring as standard. However, the overflow ring is interchangeable, meaning you can change it to match your bathroom.

Bathroom Essentials

Taps

Calypso taps are meticulously crafted for precision and engineered for long-lasting durability. Our range includes basin-mounted, wall-mounted, and tall basin taps for use with sit-on bowls. All Calypso taps feature quarter-turn ceramic disc valve technology, allowing for ultra-smooth control of water flow and temperature, ensuring the tap's longevity. Each tap is coated with a robust anti-scratch finish, guaranteeing a lasting pristine appearance. Additionally, all of our taps come with a slotted waste that is colour-matched to the tap's finish.

**Modern Taps**

Fits seamlessly into contemporary spaces, offering both visual appeal and ease of use.

**Traditional Taps**

A blend of ornate craftsmanship and timeless beauty, making them a perfect fit for a classic bathrooms.

Waste Types

Our wastes come in two types: slotted and unslotted. If your basin has an overflow, you will need a slotted waste. If your basin does not have an overflow, such as a sit-on basin, you will need an unslotted waste.

Bathroom Essentials

WCs

Our WCs feature high-quality ceramic construction, ensuring reliability and longevity. The top-fix seat design facilitates simple installation and lifts off for easy cleaning. All Calypso WCs come with a silent soft-close seat which provides added convenience and comfort.

Back To Wall

Back to Wall pans are designed to be used with cisterns that can be concealed within a cabinet or behind a wall. They can be matched with your chosen furniture to create a cohesive and sleek aesthetic.

Close Coupled

Close coupled WCs are a popular choice for modern bathrooms due to their simple design and streamlined appearance. This type of WC features a cistern that is directly attached to the back of the bowl, making maintenance straightforward.

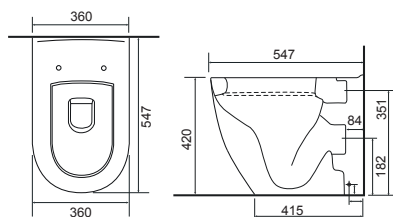

Wall Hung

Wall hung WCs can be attached to a frame within a cabinet or behind a wall. This makes cleaning easier and lends a sense of openness to the bathroom.

Brushed Brass	7472.26	£34

WHAT IS A RIMLESS PAN?

Traditional toilets distribute the flush water through a series of holes around the underside of the rim of the pan. However, the 'Rimless' pan does away with this under-rim, meaning the water can flow faster and with no hindrance to create an enhanced flush. The rimless toilet looks no different on the outside.

The main difference is that the pan boasts a smooth bowl with reduced areas for bacteria or lime-scale to build up and settle, which makes a significant difference for cleaning and improved hygiene compared to traditional pans.

Highest standards of Hygiene

No hidden spaces for germs to harbour. Allows for easy cleaning.

Perfect cleaning

Unique flush system means the water flows both vertical and around the rim covering the entire surface.

Quieter & Faster

Rimless technology allows for a more silent and faster flush than standard WC pans.

LED Recessed Lighting

LED recessed lighting can be installed to provide illumination throughout the bathroom and to highlight specific areas such as the shower or vanity. Our LED recessed lights are conveniently supplied in packs of four, designed to fit wherever you need with a slim profile and included hardware to ensure an easy setup.

Albaran Spotlights (4 pack)

4x1.2W • Transformer Included

LED Lighting Strips

LED Strip Lighting Kit (IP67)

6w/M. 325lm/M. 3500K LED. LED Driver IP20. Integrated LEDs 5mm wide. Cool Light. Supplied with 12v LED Driver.

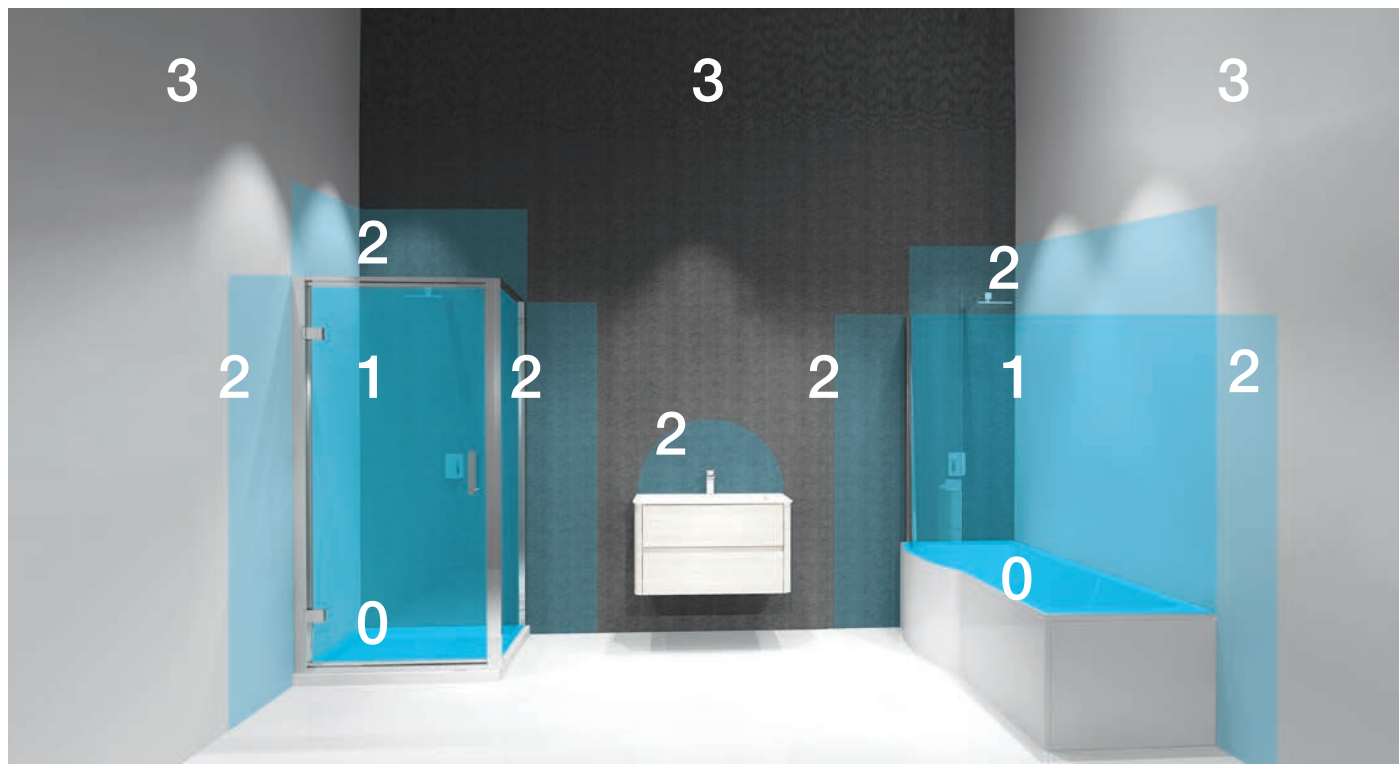

0.5 Metre	3927	£70
1 Metre	3928	£85
2 Metre	3929	£115

What is an LED Lighting Strip?

Using an LED lighting strip in your bathroom can enhance both functionality and ambiance. You can install LED strips under cabinets to illuminate the countertop, around the back of mirrors for even lighting, or along the ceiling edges to highlight architectural features.

Supplied in three popular length kits, these lighting strips can be cut to fit any size of unit. The special 3M self-adhesive backing tape allows you to stick them to almost any surface with ease.

Zoned Lighting

Water and electricity are a dangerous combination so when choosing bathroom lights it is essential that you familiarise yourself with two terms; Bathroom Zones and IP Ratings. When purchasing bathroom lights you need to ensure that the fitting you choose has the relevant IP rating for the zone in which it is to be placed. So what are IP Ratings and Bathroom Zones?

IP RATING 1ST DIGIT			IP RATING 2ND DIGIT		
	OBJECT SIZE	PROTECTED AGAINST		PROTECTED AGAINST	TESTED FOR
0	-	NO PROTECTION.	0	-	NO PROTECTION
1	>50 MM	PROTECTION AGAINST ANY LARGE SURFACE AREA OF THE BODY BUT NOT DELIBERATE TAMPERING OR FORCE.	1	DRIPPING WATER	DRIPPING WATER - NO DAMAGING EFFECT WHEN TESTED AGAINST VERTICAL FALLING WATER DROPS.
2	>12.5 MM	FINGERS OR SIMILAR SIZED TOOLS AND OBJECTS.	2	DRIPPING WATER WHEN TILTED UP TO 15°	VERTICALLY DRIPPING WATER HAS NO DAMAGING EFFECT WHEN THE LIGHT ENCLOSURE IS TILTED AT AN ANGLE UP TO 15° FROM ITS USUAL POSITION.
3	>2.5 MM	THICK WIRES, TOOLS AND SIMILAR-SIZED FOREIGN BODIES.	3	SPRAYING WATER	WATER FALLING AS A SPRAY AT ANY ANGLE UP TO 60° HAS NO DAMAGING EFFECT.
4	>1 MM	MOST WIRES, SCREWS, ETC.	4	SPLASHING WATER	WATER SPLASHING AGAINST LIGHT ENCLOSURE FROM ANY DIRECTION HAS NO DAMAGING EFFECT.
5	DUST PROTECTED	Protected against dust, allowing limited ingress. (no harmful deposit)	5	WATER JETS	WATER PROJECTED BY A NOZZLE (6.3MM) AGAINST LIGHT ENCLOSURE FROM ANY DIRECTION SHALL HAVE NO DAMAGING EFFECT.
6	DUST TIGHT	Dust tight. No ingress of dust.	6	POWERFUL WATER JETS	WATER PROJECTED IN POWERFUL JETS (12.5MM NOZZLE) AGAINST THE LIGHT ENCLOSURE FROM ANY DIRECTION HAS NO DAMAGING EFFECT.
			7	IMMERSION UP TO 1M	WATER WON'T INFILTRATE EVEN WHEN LIGHT ENCLOSURE IS IMMERSED IN WATER UP TO 1M IN DEPTH. DURATION OF UPTO 30 MINUETS.
			8	IMMERSION BEYOND 1M	THE EQUIPMENT IS SUITABLE FOR CONTINUOUS IMMERSION IN WATER UNDER. CONDITIONS SPECIFIED BY THE MANUFACTURER.

IP 6 7

IP67. The item is protected from dust and capable of withstanding water immersion upto 1 meter for 30 minutes.

ZONE 0 Covers the areas inside the bath or shower tray. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion proof.

ZONE 1 Incorporates the area directly above the bath or shower tray to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses a 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

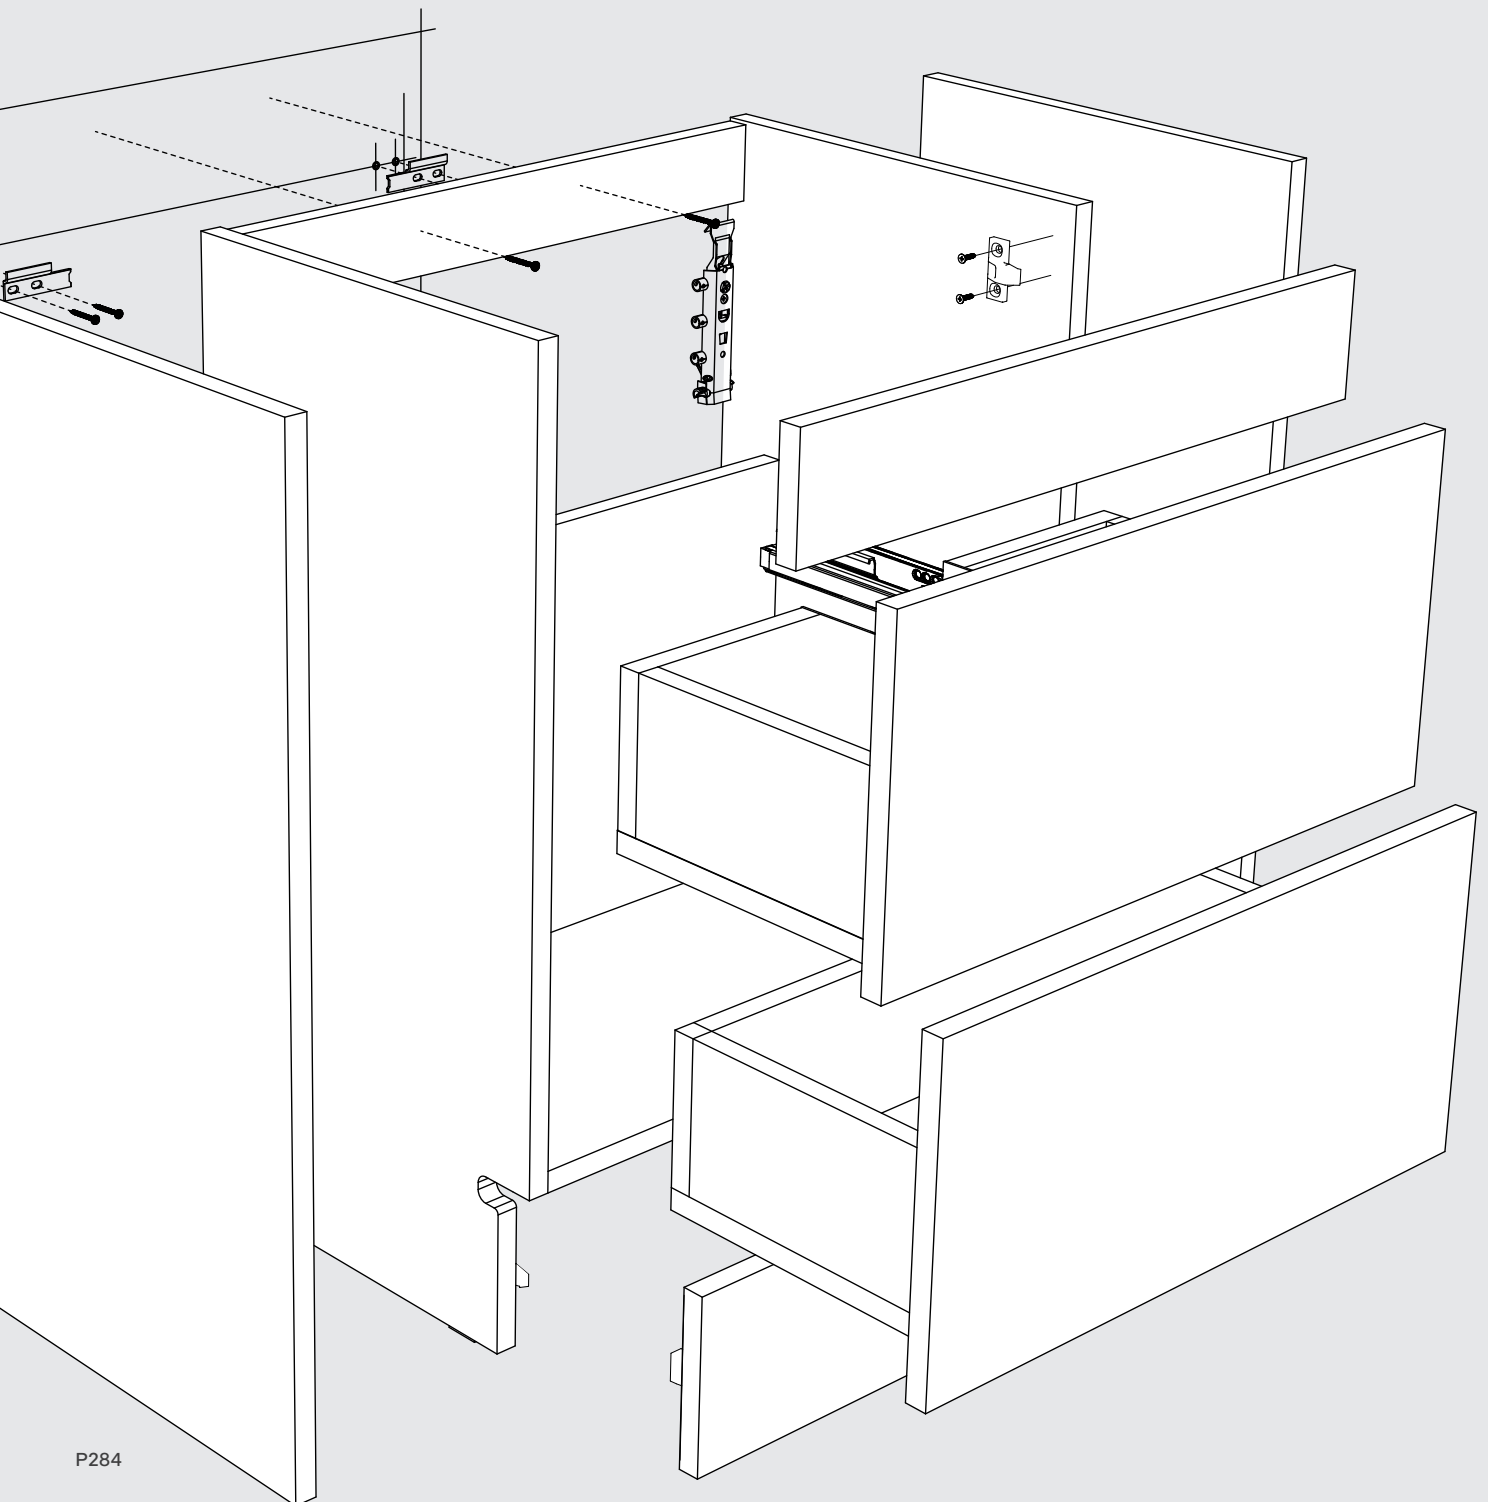

ZONE 2 Covers the area 0.6M outside the bath's perimeter and to a height of 2.25M from the floor. As with Zone 1, a minimum IP44 rating is required for this area.

ZONE 3 Outside zones cover areas which fall outside of zones 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

Installation must be made in accordance with the current IEE wiring regulations and relevant building regulations. Calypso recommends that all electrical bathroom products should only be fitted by a suitably qualified Part P registered electrician.

Spares & Pricing Breakdown

Every detail matters when it comes to your bathroom installation, which is why we provide a comprehensive breakdown of individual parts and their costs. Whether you're sourcing components for a new fit-out or simply replacing a part, our clear pricing breakdown makes it simple to identify and order exactly what you need.

Matching Edging

Plinths, Pelmet, Pilasters & Cornices

Plinths & Pelmet

Plinths & Pelmet

Plinths, Pelmet & Pilasters

Plinths, pelmet, and pilasters add decorative detail and a refined finish. Pelmet finish wall-mounted cabinets, concealing fixtures or lighting, while pilasters are decorative vertical panels that frame units, adding symmetry and a classic touch.

		Unit Code	Bowland	Brecon	Cheviot	Chiltern	Dartmoor	Kentmere	Pentland	Selter	Solid Oak
200mm Two Piece Plinth & Pelmet	200w x 19d x 127h + 200w x 22d x 40h	6021**						£96	£96

Pilaster	100w x 22d x 811h	6029**						£61	£61		

Cornice

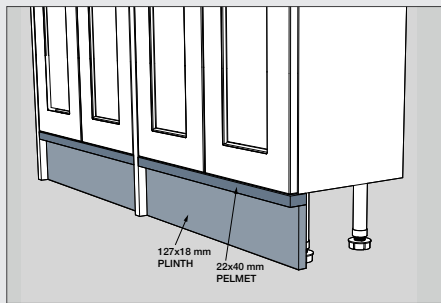

A cornice is a decorative trim fixed along the top edge of wall units or cabinets. It adds a refined, classic finish while concealing gaps or uneven edges between the furniture and ceiling, enhancing the overall design.

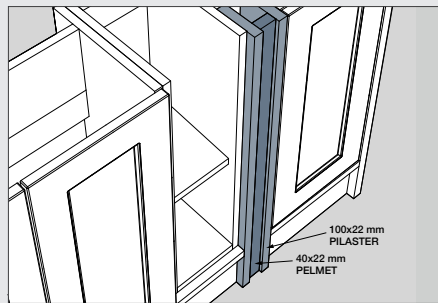

Cornice

		Unit Code	Bowland	Brecon	Cheviot	Chiltern	Dartmoor	Kentmere	Pentland	Selter	Solid Oak
Cornice	1500w x 64d x 79h	6045**						£150	£150

Calypso Essential Information

Product Specifications

Door Finishes and Carcass Colours All our door finishes are supplied by default with the complementary carcass colour indicated on the inside front cover of this brochure. If you require a different combination of fascia and carcass finish, you must specify each separately using individual product codes (shown within the 'Breakdown' section). The relevant finish codes need to be added to each product code when ordering. For exact colour matching, please request a sample by calling 01432 367 367.

Carcasses All carcasses and fascias are pre-drilled and marked for fittings, with fully adjustable all-steel soft-close hinges on doors and soft-close drawer runners featuring four-way fascia adjustment. Carcasses are supplied with hinges, wall-fix brackets, and fittings; base units include adjustable legs and plinth fittings.

Please note that all plinths, end panels and handles must be ordered separately. The unit dimensions shown are overall installed measurements including fascias and plinths. 661mm carcasses are supplied with 150mm legs and 561mm carcasses come with 250mm legs.

You can also choose between three finished base unit depths—218mm, 303mm, and 443mm. All carcasses are made from 18mm MFC and finished with PVC edging.

Doors, Plinths and End Panels All doors, plinths, and end panels are constructed with an 18mm MDF furniture-grade core, ensuring durability and a high-quality finish. There are three available options to choose from: vinyl wrap, painted, and cut and edged. To maintain the warranty, any cut edges must be properly sealed.

For those looking for a natural wood option, the solid oak door features a 70x20mm solid oak frame with an oak-veneered centre panel. As with all natural materials, variations in shade and grain should be expected, adding to the unique character of each piece.

Laminate Worktops Laminate worktops are formed using a particle board core with a decorative laminate surface and balancer on the underside. They are offered in options of square edged and postformed designs and are pre-sealed on all edges. Additional edging strip can be purchased to finish any cut edges.

Decor End Panels When planning, remember to allow for décor end panels on any exposed end-of-run base or wall unit carcass, adding 18mm for each end panel required.

Plinths Our 250mm plinth can also be used as a flyover shelf for additional design features.

Assembly and Drilling All carcasses are supplied fully assembled, with doors and fascia panels packed separately for fitting after installation to help avoid damage. Door and drawer fronts are supplied undrilled for handles, giving you maximum flexibility in handle choice.

Slimline Basin Units Slimline basin units require reduced-depth semi-recessed basins. Calypso units are designed at a height that allows good access underneath to run soil pipes and water feeds, with a choice of 150mm or 250mm plinths.

Soil Pipe Access Due to space restrictions in slimline units, the rear legs should be removed to run a soil pipe through. Rigidity is maintained by the front legs and wall fixings.

Concealed WC Cisterns All our concealed WC cisterns allow front-access servicing. If you use a different manufacturer's cistern, please check service-access requirements.

Dimensional Tolerance Because of materials and production processes, dimensions may vary within a tolerance of ±2mm on furniture, ±3mm on cast basins, and ±5mm on ceramic.

Returns Policy

Reporting Damages or Unwanted Items Any damaged or unwanted items must be reported within 7 days and made available for collection within 28 days.

Picking or Delivery Errors & Manufacturing Defects These must also be reported within 7 days and made available for collection within 28 days.

Unwanted (Good-Faith) Items Items ordered and delivered in good faith but no longer required will incur a 25% handling and re-stocking charge. Non-required items can only be accepted for return if they are returned in their original packaging, have not been fitted in any way (this includes having legs fitted to carcasses) and are in a resaleable condition.

Credit Approval Credit will be given once goods are received, inspected, and signed off. All goods under this policy should be returned to the retailer from whom they were purchased.

Credit Refusal If goods fail inspection, a credit refusal number is assigned and a written reason is provided by email. Goods will be held for 7 days before disposal. Any query regarding refusal must be logged within a 7-day period.

Taking Care of Your Calypso Products

Ventilation and Moisture Control Calypso bathroom furniture is designed for use in domestic environments, making good ventilation essential to prevent damage from excessive moisture—whether on surfaces or in the air. A suitable extractor fan is strongly recommended to avoid condensation and its associated risks. Please note that Calypso timber-based fitted furniture should never be installed in wetrooms.

Sealing and Spills Any cut or exposed panel edges, and any floor or wall abutments with furniture or sanitaryware, must be sealed with a waterproof sealant such as silicone. Wipe clean and mop dry all water spills immediately.

Cleaning Products Never use chemical or abrasive cleaners, bleach, or furniture polishes on bathroom furniture. Clean only with a soft damp cloth and mild soap solution.

Solid Oak An occasional application of wax-based furniture polish will maintain its finish. Do not use household cleaners or abrasive powders on oak. Remove spills immediately with a soft damp cloth and mild detergent; excessive moisture will darken the oak surface.

Ceramic Sanitaryware Clean with a damp cloth and warm soapy water. Rinse with clean water and polish with a soft cloth. Avoid abrasive solvents, acid, or ammonia.

Cast Basins Calypso cast basins are manufactured from a mineral powder/polyester resin, protected by a gelcoat of at least 0.5mm thickness. Clean with a normal liquid detergent (no abrasives) and buff with a quality polish to keep tops in pristine condition.

Brassware Clean with a damp cloth, rinse, and polish with a dry cloth. Avoid cleaners containing abrasive solvents, acid, or ammonia.

Disclaimers and Terms

All stocked products are usually dispatched within 72 hours of ordering. It is important when ordering and booking installations that sufficient time is allowed between product delivery and installation. This allows for inspection of goods and, if necessary, re-delivery of any rejected or damaged items.

All orders are subject to our standard terms and conditions of sale, which can be found at www.calypsobathrooms.co.uk/terms. A hard copy is available on request, call 01432 367 367 or email sales@woodstockco.com.

Due to continuous product improvements, we reserve the right to change any product specification without prior notice.

The text, images, and layout of this catalogue are protected by copyright and other intellectual property rights.

All imagery within this brochure is, where possible, a true representation of our products. However, some brochure images are CAD-generated and may not precisely reflect each unit. If in doubt, please ask for clarification before ordering.

Some colours and finishes printed in this brochure may vary due to print and screen variations. A free sample service is available (call 01432 367 367) if you are unsure about a product's finish. Colours may vary under artificial light.

Our website should be used as a reference for the most up-to-date products and specifications.
