MOTION SENSOR
VIDEO

MOTION SENSOR TECHNOLOGY

Add convenience and efficiency with motion activated lighting — it turns on as you walk into your bathroom and off when you leave, saving energy.

Connected by
WiZ

CONNECTED BY WiZ

Our WiZ integrated mirrors are completely customisable - allowing you to set, schedule and adjust your lighting scheme with ease. Combine with our extensive lighting solutions to create a complete smart lighting scheme.

BEYOND REFLECTIONS

Merging the latest in technological advances with our signature style, our range of mirrors and cabinets offer intelligent storage and features.

Whether you're adding a focal point for your bathroom, need to hide away cosmetics and toiletries or just want to add a mirror for purely practical reasons, our range has all the options you'll need.

WHAT IS IP44?

IP44 is a rating that tells you how well a product is protected against dust and water. "IP" stands for Ingress Protection, and the two numbers that follow it each have a specific meaning:

The first number (4) means the product is protected against solid objects larger than 1mm, like small tools or wires. It's not fully dust-proof, but it does block most solid particles.

The second number (4) means it's protected against water splashes from any direction.

All Roper Rhodes illuminated mirrors and cabinets carry an IP44 rating, making them suitable for Bathroom Zone 2 and areas outside the zones. This gives you excellent flexibility when planning your bathroom layout.

ZONE 1

Roper Rhodes recommends that products installed in Zone 1 are a minimum of IP65

ZONE 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof)

OUTSIDE ZONES

Electrical fittings in this zone require a minimum rating of IP20

MADE FOR REAL LIFE

Every mirror we make is subjected to an impact test that simulates accidental bumps and slips. By applying concentrated force to key points on the glass, we ensure it stays securely in its frame—even under stress, giving you the confidence it will remain durable in your bathroom.

ENGINEERED FOR THE BATHROOM

Static shear test Each of our mirrors is subjected to a bond-strength test in which a 30 kg load is applied for 10 days. The strict pass requirement is 0mm of slippage guaranteeing your mirror will remain looking as it should.

STYLE MEETS EFFICIENCY

LEDs are a sustainable, energy-efficient, long-lasting lighting option. They stay cool for added safety and offer dimming and diverse styles to suit any space or mood.

Discover

ROPER RHODES MIRRORS

SEE EVERY DETAIL

A 3x magnifying vanity mirror makes beauty routines effortless - from flawless makeup to precise eyebrow shaping - while reducing eye strain, and its versatile uses, including contact lens application, make it an essential beauty tool.

DEPTH OF CHOICE

Our mirror collection ranges from elegant pill shapes to eye catching arch designs, our mirrors include many features including industry leading ghost glass technology and are available in a variety of finishes - from classic black to luxurious brushed bronze.

CONTROL RELIABILITY

Switches are tested through **100,000 cycles** to ensure durability and reliability throughout the products lifetime.

6000K

Cool to warm

2700K

FIND YOUR PERFECT LIGHT

Transform your space with ingenious colour changing technology. Invigorate your morning with bright, crisp daylight, or wrap yourself in a soft, warm glow and as you spend an hour relaxing in the bath. With a wide spectrum LED ranging from 2700-6000K, you can easily shift your mirror lighting from cool and white to warm.

PORTABLE MAGNIFYING MIRROR

From everyday make-up needs, to getting that super close shave, Loop makes the perfect partner in your bathroom. See more on page 306.

GHOST GLASS TECHNOLOGY

Experience elegant innovation with our ghost glass bathroom mirrors. When off, they display a sleek, seamless surface. With a touch, the edges glow softly, revealing a striking halo of light.

LED LIGHTING

Energy efficient LEDs provide high quality and bright illumination whilst being 80% more efficient than older incandescent lights

VARIABLE WARM TO COOL & DIMMABLE LEDs

Flexibility to adjust the LED warmth and brightness from an invigorating daylight white (6000K) to a relaxing warm white (2700K)

INFRARED SENSOR

Easy to use, an infrared sensor allows you to control the mirror with just the wave of your hand without touching the mirror

STEAM-FREE

Maintain a steam-free mirror reflection in the bathroom with an integrated heated demister pad

TOUCH CONTROLS

Touch controls offer easy on/off and feature access right from the mirror

TWO-PIN CHARGING SOCKET

Conveniently positioned, this charging socket keeps your electric toothbrush or shaver fully charged

USB SOCKET

Easily accessed USB & USB-C sockets to keep your devices fully charged

IP44 RATED

Mirrors indicated with this symbol are IP44 rated, making them suitable for use within zone 2 of the bathroom

MAGNIFYING MIRROR

Take a closer look at your reflection with our magnifying vanity mirrors

GHOST GLASS

When off, the mirror is sleek and seamless; with a touch, its edges softly illuminate with a halo effect

MOTION SENSOR

Enhances convenience and efficiency with motion-activated lighting - automatically turns on as you approach and off when no motion is detected

STRAPS

NO FIXINGS

WALL BRACKETS

Wall brackets can be positioned
landscape or portrait

STEP 1 Pick your shape

Use the base code

Walcot Mirrors	Base code	W x H x Dmm
Arch 400x800	WAM40A	410 x 800 x 42
Pill 400x800	WAM40P	400 x 800 x 42
Pill 500x800	WAM50P	500 x 800 x 42
Circular 600	WAM60C	ø600 x 42
Circular 800	WAM80C	ø800 x 42
Circular 1000	WAM10C	ø1000 x 42

STEP 2 Pick your frame finish

Add the suffix below to your base code

Black	Brass	Nickel	Bronze	RRP
-BL	-BR	-BN	-BZ	£355.00
-BL	-BR	-BN	-BZ	£365.00
-BL	-BR	-BN	-BZ	£375.00
-BL	-BR	-BN	-BZ	£350.00
-BL	-BR	-BN	-BZ	£430.00
-BL	-BR	-BN	-BZ	£550.00

STEP 3 Pick you accessory (optional)

Add the suffix below to your finish code

Wall Brackets
-F1
£45.00

Brown Strap*
-F2
£45.00

Black Strap*
-F3
£45.00

TOP TIP

When ordering Walcot mirrors please remember to follow **steps 1-3**.
Shown here is an example code for **WAM40P-BL-F1**. This would generate
an order for a Pill 400/800 in black with wall brackets.

*Straps are not compatible with 1000 circular variants

Endless shapes, infinite choices

SAFETY ZONES & ELECTRICAL INFORMATION

ZONES FOR EQUIPMENT IN CLOSE PROXIMITY TO BATHS & SHOWERS

Roper Rhodes illuminated mirrors, cabinets & lighting have been independently tested for compliance with electrical equipment safety regulations. Products shown with the 'tick' icon are IP44 or IP55 rated and are suitable for use in zone 2 and outside zones in the bathroom. Roper Rhodes recommends that products installed in Zone 1 are a minimum of IP65

ZONE 1 Roper Rhodes recommends that products installed in Zone 1 are a minimum of IP65

ZONE 2 Electrical fittings in this zone require a minimum rating of IP44 (splash-proof)

OUTSIDE ZONES Electrical fittings in this zone require a minimum rating of IP20

Discover

ROPER RHODES CABINETS

AT THE WAVE OF A HAND

Easily control your cabinet with our intuitive contactless controls. Designed with you in mind, these controls add simplicity and convenience to your everyday tasks, plus they're hygienic too.

CHARGING SOLUTIONS

Discover true convenience with our range of charging enabled mirrors and cabinets. Sleekly designed hidden sockets are perfect for tooth brushes or razors. Plus, wireless charging is available in our Boost cabinet (page 332), perfect for charging your phone when you're busy getting ready.

BEAUTY STORAGE, BUILT STRONG

Our shelves are designed to carry all manner of cosmetics, as we static load test them to hold an extra 10kg of weight for 10 days minimum.

DOORS BUILT TO ENDURE

Our cabinet doors undergo a dynamic load test to ensure the hinges stay strong under real-life use through a 30kg weight being applied for 10 days with the cabinet only passing if it remains attached.

6000K

Cool to warm

2700K

FIND YOUR PERFECT LIGHT

Transform your space with ingenious colour changing technology. Invigorate your morning with bright, crisp daylight. Or wrap yourself in a soft, warm glow and as you spend an hour relaxing in the bath. With a wide spectrum LED ranging from 2700-6000K, you can easily shift your cabinet lighting from bright and white to warm and intimate at the simple touch or wave of the hand.

RECESSIBLE DESIGN OPTION

Give your bathroom a modern edge and save space at the same time with one of our stylish recessible cabinets. Opt for the customisable Vault (page 328) or the on-trend black finish Boost (page 332).

STORAGE SOLUTIONS

Great cabinets are all about great storage. Our cabinets offer a wide range of sizes to suit your space, and stylish internal shelves which are adjustable to help keep all your bits and bobs organised.

Making the perfect choice

LED LIGHTING

Energy efficient LEDs provide high quality and bright illumination whilst being 80% more efficient than older incandescent lights

VARIABLE WARM TO COOL LEDs & DIMMABLE

Flexibility to adjust the LED warmth and brightness from an invigorating daylight white (6000K) to a relaxing warm white (2700K)

INFRARED SENSOR

Easy to use, an infrared sensor allows you to control the mirror with just the wave of your hand without touching the cabinet

HEATED DEMISTER

Maintain a steam-free cabinet reflection in the bathroom with an integrated heated demister pad

TWO-PIN CHARGING SOCKET

Conveniently positioned, this charging socket keeps your electric toothbrush or shaver fully charged

USB SOCKET

Easily accessed USB socket keeps your devices fully charged

WIRELESS CHARGING BOOST

Perfect for charging your phone/device when you're busy getting ready

RECESSED OR RECESSIBLE

Recessing the cabinet within the wall is a great way to conceal your bathroom accessories whilst maintaining a clean and clutter free bathroom

SOFT CLOSE DOORS

Most of our cabinets feature soft close doors to ensure quiet and controlled closure

PUSH TO OPEN DOORS

Intuitive push to open mirrored cabinet doors

DOUBLE SIDED MIRROR DOORS

Double sided mirrored glass means the cabinet mirror can be used when open or closed

TOUCH CONTROLS

Touch controls offer easy on/off and feature access right from the mirror

IP44 RATED

Cabinets indicated with this symbol are IP44 rated, making them suitable for use within zone 2 of the bathroom

LOOP UPGRADE

Our Loop vanity mirror (VM02) can be used with all Notion cabinets

VM02

VM03

MAGNIFICATION VANITY MIRRORS

VM02 features 5x magnification without illumination, while VM03 offers 3x magnification with built-in lighting. The non-illuminated mirror can be used handheld, clipped to an open shelf, or positioned freestanding. The illuminated mirror attaches magnetically to the cabinet's interior strip or rests on its charging ring to stay powered.

CHARGING STATION

Add further functionality to your new bathroom by adding our charging station. The subtle little unit can be installed into our floor cupboards or wall cabinets* and includes both a two-pin charging socket and a USB port to keep all your electricals fully charged.

- Designed for use within cupboards and wall cabinets*
- Includes a two-pin charging point with rocker switch
- Includes a USB charging socket
- Supplied in a modern matt black finish
- Designed with cover to hide sockets when not in use
- Screwless mounting
- Requires a mains connection (supplied with one metre flying lead)
- Not recommended for installations in semi-countertop units or drawers
- IP44

	Code	RRP
Charging station	DC6001	£161.00
