Tile Wall Panels

Our tile laminate wall panels give the best of both worlds, the look and feel of tiles combined with the benefits of panels.

- 2400mm height, 600mm width
- Plywood core, with realistic grout line to surface
- Proclick for seamless almost invisible joints
- Cost-effective, fast and easy installation

PROCLICK

Our Proclick system is a mechanical locking system that provides seamless, almost invisible joints. The click design allows panels to be located quickly and easily into place, eliminating the use of joining trims. Due to a slight difference in thickness, our tile panels are not compatible with our waterproof core panels.

TRIMS

In order to ensure a watertight finish, trims are required for the outer edges of the panels and external corners. Full details can be found on page 205.

Waterproof Core Laminate Wall Panels

Our waterproof core laminate wall panels are designed to look like authentic materials with realistic textures.

- 2440mm height
- 100% waterproof core made from pre-consumer waste
- Available in Square Cut or Proclick (for seamless almost invisible joints)
- Cost-effective, fast and easy installation
