Create a feature with a pop of colour, patterned or unconventional shaped tiles.

Mirrors are an essential addition, to create the illusion of space and light.

A floating vanity unit adds functionality whilst neatly optimising the space you have.

Why not paint your woodwork in a statement colour to tie your entire scheme together?

COASTAL VIBES

GET THE LOOK

Coastal bathroom styling captures the essence of a seaside retreat. Using a colour palette of whites, greys, blues, and sandy tones paired with wooden elements for warmth. Nautical inspired touches such as rope or marine-inspired artwork can enhance the theme.

Wall panelling in the bathroom adds a touch of classic elegance and texture. Whether it's beadboard or sleek panels, this design element can transform walls, to create visual interest.

Our cove blue vanity and colour matched basins were the obvious choice for this subtle coastal and serene design scheme. Pairing it with the neutral tones of matt white brassware for a stylish and balanced look.

Our cove blue basins bring a bold and refreshing statement to this bathroom; the perfect way to add character and a pop of colour.

Strategically placed mirrors are great for reflecting light helping to create a bright and airy atmosphere.

HOLIDAY GETAWAY

Inspired by tropical escapes and the stillness of nature, this space feels like stepping into another world. Rich textures, sun-baked terracotta furniture, and touches of greenery create a sense of calm that wraps around you, cool, grounding and deeply restorative.

Water is at the heart of it all, flowing gently, reflecting light, echoing the rhythm of rain on leaves. It's a space to reset, to breathe deeper, and to feel just a little further away from everything else.

Industrial matt black finishes bring depth and a modern feel, softened by fluted textures and gentle lines. Add a touch of greenery for contrast, fresh tones that lift the space and soften the structure.

Open shelving keeps things practical, while colour-matched robe hooks placed just where you need them make everyday routines that bit easier.

Pair bold with grounding, contrasting dark monochrome brassware with bright, earthy tones like terracotta to add warmth and balance to bolder palettes.

ARCHITECTURAL COASTAL

There's a subtle confidence to coastal architectural design; where clean lines meet organic tones, and every detail feels both deliberate and effortless. It's a space shaped by simplicity and light, where sculpted form quietly leads, and texture speaks for itself.

Soft whites and pale hues echo sea and sky, while warm woods and brushed finishes add an earthy contrast.

Pewter brassware introduces a cool, architectural edge, grounding the palette and adding definition without disrupting the calm.

It's a look that's serene but intentional, laid-back but sophisticated; a place where order and stillness come together, and the everyday moves at the pace of the tide.

JAPANDI-INSPIRED

A Japandi-inspired design scheme exudes a sense of calm and balance; its muted and neutral colour palette is the ultimate companion for our rich brushed bronze finish, creating a serene and peaceful atmosphere.

The essence of a Japandi bathroom lies in a harmonious blend of nature's simplicity and modern practicality. Achieve this by thoughtfully balancing functionality with aesthetics, emphasising clean lines and meticulous organisation.

Pair soft whites, beiges, taupes, and clean organic shapes with pops of colour from brassware, floor tiles or wooden accents.

Open shelving made of wood or stone for displaying minimal, functional items and discreet cabinetry to keep clutter out of sight.

Introduce soft linen or cotton towels in neutral shades and greenery like bamboo, ferns, or small potted plants for a natural touch.

Accessorising with handcrafted items, such as pottery, woven textiles, and other artisanal objects will help to add texture and character to your bathing space.
