

Discover

ROPER RHODES TAPS

FINISHES AND STYLES TO SUIT YOU

Discover taps to suit any space, with six stunning finishes from classic chrome to brushed bronze. Choose from basin mixers, bath shower mixers, and wall-mounted styles - combining function with flair.

PVD TECHNOLOGY

PVD (Physical Vapour Deposition) coating on taps offers a durable, long-lasting finish that resists scratches, tarnishing, and corrosion. PVD-coated taps combine style with exceptional performance and reliability.

WHERE DESIGN MEETS PERFORMANCE

Our taps are designed to work around your needs. From the close detailing to the tactile features and tap design, our brassware is focussed on giving you the best performance.

QUALITY YOU CAN TRUST

Quality bathroom taps offer reliable performance, elegant design, and long-lasting comfort. With smooth operation, precise control, and drip-free ceramic disc technology, they're a smart choice for any style. Built to high standards and backed by guarantees, they're made to last

All Roper Rhodes taps come complete with a 10 year guarantee, including the cartridge, giving you complete confidence in making a Roper Rhodes tap part of your new bathroom experience.

EFFICIENCY IN EVERY DROP

Our water savers are designed to save water without compromising performance. They reduce water usage while maintaining a strong, steady stream. These taps are ideal for environmentally conscious homes, helping lower utility bills and conserve natural resources - all while adding a stylish touch to your bathroom.

Making the perfect choice

TAP BUYING GUIDE & FEATURES

Use the table below to guide you through our tap collection. Make your choice from the wide range of designs to suit both low & high pressure applications.

	Basin mixer	Mini basin mixer (ideal for cloakrooms)	Tall basin mixer	Side action basin mixer	3 hole basin mixer	Wall mounted basin mixer	Basin taps (pair)	Bath filler	Bath shower mixer with handset	Wall mounted bath shower mixer with handset	Freestanding bath shower mixer	Wall mounted spout	Stand pipes

GUARANTEE
10 year guarantee
including tap cartridge

LOW PRESSURE 1

Suitable for all plumbing systems including conventional gravity fed ones with a minimum 0.1bar pressure* and above

LOW PRESSURE 2

Suitable for all plumbing systems including conventional gravity fed ones with a minimum 0.2bar pressure* and above

MEDIUM PRESSURE

Suitable for all plumbing systems including conventional gravity fed or modern pressurised ones with a minimum 0.5bar pressure* and above

HIGH PRESSURE

Requires a minimum pressure of 1.0bar or above and are more suitable for modern pressurised plumbing systems

SWIVEL AERATOR

Allows the position of the running water to be moved

SWIVEL SPOUT

Allows the spout to be moved from side to side

LEVER ACTION CERAMIC TECHNOLOGY

A smooth, easy to use action giving accurate flow control

QUARTER TURN CERAMIC TECHNOLOGY

Quarter turn taps only require a 90° turn of the handle to move from fully open to closed

UNDER SPOUT DIVERTER

Located underneath the spout, turn to divert the water flow to use the shower or fill the bath. Easier to clean

10 YEAR GUARANTEE

All taps come with a 10 year guarantee, including the tap cartridge

PVD

A hardwearing and scratch resistant coating

CHROME3

Utilising Chrome3 electroplating, a more environmentally friendly process

ECO1

Compatible with our optional water and energy saving shower flow regulators

ECO2

Compatible with our optional water and energy saving basin tap flow regulators

ECO3

Compatible with our optional water and energy saving basin mixer flow regulators

*Bar pressure is a unit of measurement for pressure

0.1bar is equal to a metre head of water. In plumbing terms this means that for a gravity fed system, if the base height of your water tank is 1m above a tap, then you will have 0.1bar of pressure at the tap

WATER SAVING FLOW REGULATORS

Our range of optional regulators and aerators are an easy, cost effective way you help save water. These can be used with selected Roper Rhodes products to help reduce your water consumption.

ECO1 SHOWER WATER SAVERS

Suitable for showers & bath shower mixers displaying the ECO1 icon

6 litres/min
FR01

8 litres/min
FR02

10 litres/min
FR03

£11.40
each

- Mount between the valve & hose for shower valves with handsets or your bath shower mixer
- Mount between head and arm on your fixed shower heads
- We do not recommend the use of regulators with bath taps or fillers as you will want your bath to fill as quickly as possible

ECO3 BASIN MIXER WATER SAVERS

Suitable for taps displaying ECO3 icon

1.7 litres/min
FR04

3.5 litres/min
FR05

5 litres/min
FR06

£10.10
each

- Produce aerated water flow
- Simple to install into the aerator housing of basin mixer
- Available in a range of flow ratings

Basin mixer water savers include a chrome plated housing as standard. For black and brushed brass taps order an additional housing below.

Black SP21477 **£3.80**

Brushed brass SP21478 **£3.80**

ECO2 BASIN TAP WATER SAVERS

Suitable for pairs of taps displaying the ECO2 icon

3 litres/min
FR07

5 litres/min
FR08

7 litres/min
FR09

£4.90
each

- Install into the inlet of the tap
- One required for each tap, therefore please purchase in pairs
- Available in a range of flow ratings

Discover

UNDERSTANDING YOUR SHOWERING OPTIONS

EXPOSED SHOWER VALVES

Bring the charm of traditional brassware into your home. Our timeless collection of surface mounted showers pair the period style you love with our tried and tested engineering, giving you that vintage feel with the comfort that your shower will last for years to come.

BAR SHOWERS

Occupying slightly less area than traditional exposed valves, bar valves are an economical choice that are ideal for compact shower spaces. Exceptionally easy to install and maintain, our collection of bar style mixer shower valves are available with a classic single function handset, or as a dual function system with a rainfall effect showerhead. Available in smooth, round or sleek square designs.

PUSH BUTTON SHOWER VALVES

Making the everyday task luxurious. Swiss engineering combines with intelligent push button technology to offer you effortlessly luxurious showering, all at the touch of a button. Available in an expansive range of styles and configurations.

CONCEALED SHOWER VALVES

Our concealed thermostatic shower valves offer single, dual or triple function, all in one easy to control system. Single function allows you to choose your temperature level, dual function allows you to seamlessly switch between handset and overhead showers, whilst triple function adds our smart flow bath filler. Both include a specific handle to control the temperature, meaning you can choose your perfect level and leave it for the next time you shower.

10 YEAR GUARANTEE

All Roper Rhodes shower systems come complete with a 10 year guarantee, including the thermostatic cartridge.

Making things simple

CONCEALED PUSH BUTTON SHOWERS

Push button shower systems are the perfect family showering solution, the ergonomic controls allow you to change the showering function at the push of a button. Our Event-click showers are easy to operate and the ideal solution for the modern bathroom. The shower handset features 3 invigorating spray functions, energising, relaxed and massage, providing you with the ultimate choice for relaxation. The separate thermostatic control dial means you can set your desired temperature which keeps it constant for every shower.

EASY INSTALLATION

The valve can be easily removed and serviced even after installation giving you total peace of mind.

Concealed and exposed showers offer both functionality and style, catering to a range of design preferences. Whether you opt for the minimalist appeal of concealed fixtures or the classic charm of exposed designs, these showers are available in single, dual, and triple mixer options to suit your water control needs. Each configuration brings a sophisticated finish to your bathroom or shower room, blending seamlessly with your bathroom décor. To complete the look, explore our wide selection of bathroom taps and accessories, thoughtfully curated to ensure a cohesive aesthetic throughout your space.

COORDINATING TAPS

Pair our traditional showers with our coordinating taps to ensure a seamless design in your bathroom. See pages 198-211.

CREATE YOUR OWN SHOWER

If our shower packages don't suit your requirements then you can design your own shower to meet your own specific needs & style. The guide in this section will help you select the right thermostatic valve for the job. Then browse the following few pages to select from the different shower components available & build a shower which is bespoke to you.

Make it unique

CREATING YOUR OWN SHOWER

CHOOSE HOW MANY FUNCTIONS YOU REQUIRE

How many functions would you like your shower to control?
Our selection of valves give the option to choose from single, dual
and triple function controls, see pages 212-233

SINGLE OUTLET

for single function valves to control a fixed head, handset or bath filler

DUAL OUTLETS

delivering water to two separate outlets for dual function valves to
control two outlets, see options opposite

TRIPLE OUTLETS

delivering water to three separate outlets for triple function valves to
control three outlets, see options opposite

SHOWER HANDSET

OVERHEAD SHOWER

SMARTFLOW
BATH FILLER

BATH MOUNTED
SHOWER KIT

OUTLET OPTIONS FOR SHOWER VALVES

Once you have decided whether you want a single, dual or triple function shower valve (p212-233), next you need to decide what outlets you would like your system to control. Choose from the selection above, all of which are available from Roper Rhodes, see pages 264-273 for all available options.

Make it unique
